QUIET ACHIEVER

This student may not be the most vocal in class, but they are diligent in their work and often produce high-quality code.

WHAT DO I NEED?

- Opportunities to work independently and at their own pace
- A supportive and non-judgmental learning environment
- Positive feedback and recognition for their work

STRUGGLING STUDENT

This student may find it challenging to keep up with the fast pace of the bootcamp. Some reasons for this struggle might be a lack of prior coding experience, a slower learning pace, or difficulty concentrating due to external factors.

WHAT DO I NEED?

- Extra support and resources such as tutoring or additional practice exercises
- Clear explanations and demonstrations of coding concepts and practices
- A patient and understanding instructor and classmates who are willing to provide help and encouragement.

SOCIAL BUTTERFLY

This student is outgoing and enjoys socializing with their classmates. They may be the one to organize study groups and social events outside of class.

WHAT DO I NEED?

- A friendly and welcoming learning environment
- Opportunities to collaborate with classmates and work in teams
- Social events and activities outside of class

HIGH FLYER

This is a student who is highly motivated and driven to succeed. They may have a strong background in coding or a related field, and are often top performers in the bootcamp.

WHAT DO I NEED?

- Opportunities to take on challenging coding projects
- Recognition and praise for their achievements
- A sense of progress and growth in their coding skills
